

23-24 City of Dubuque Sustainability Office Position Descriptions

50 West 13th Street, Dubuque, IA 52001

This site is hiring to fill the following positions:

Position #1 and #2: *Capacity Builder*

Terms:

Position Type	Service Length	Hour Commitment	Living Allowance	Segal Education Award
Three-quarter-time (TQT)	11-mo	1,200 hours (28-30 hours/week)	\$18,000/term (\$1,636.36/mo)	\$4,826.50/term

Anticipated service schedule for this host site is between **[8:00 am - 5:00 pm, Monday through Friday]**, with occasional nights and weekends as projects require.

Host Site Overview: The City of Dubuque has committed to creating an equitable community of choice for all residents and businesses and recognizes its role in advancing racial equity and social justice through its daily operations. Additionally, the City Council has named Sustainability as one of its priorities each year since 2006. In 2020, the City updated the 50% by 2030 Community Climate Action and Resiliency Plan (CAP) and City Council approved funding of community engagement efforts and implementation related to the CAP. The Capacity Builder will help to ensure equitable community engagement and general support of sustainability initiatives, including climate action implementation.

The Capacity Builder will have the opportunity to use data collection, best practices research, community engagement, event planning, creativity, and review of historical practices to place under-represented communities and sustainability initiatives at the forefront of the work.

Team Description: The Office of Sustainability was established in 2006 as part of the City Manager's Office at the direction of City Council. The Sustainable Community Coordinator guides the city's efforts to make our community a better place to live. The Office of Sustainability engages City leadership and collaborates across City departments and with the community to implement climate change mitigation and adaptation initiatives, supports the Resilient Community Advisory Commission and facilitates other community-led sustainability projects. The CAP Capacity Builder will be part of the City Manager's Office and will work closely with Sustainable Community Coordinator, the Climate Action Coordinator, as well as several other departments and residents.
